FOREWARD

The format of this Addenda to the Calendar of Collective Agreement Expirations is very similar to that of the Calendar produced in January 1986.

It is composed of two main sections. The first section presents summary information for the 1986 collective agreement expirations in written, tabular and graphic form.

The second section is a listing of expirations that have become known since the Calendar was published. These additional expirations are listed by month showing employer name, location, union and local, industry, expiry date and size of bargaining unit.

In addition, a short section on abbreviations is included to better facilitate the use of this calendar.

SUMMARY INFORMATION

1986 COLLECTIVE AGREEMENT EXPIRATIONS

SUMMARY

This Addenda to the Calendar of Expiring Collective Agreements lists collective bargaining agreements that will expire in 1986, and which were not previously mentioned in the main report released in January 1986.

Based upon the present information, there are 318 collective agreements expiring in 1986 in Manitoba which fall under the provisions of The Labour Relations Act. A total of 24,666 employees are affected. Of this total, 22,652 employees are covered by collective agreements which are not considered confidential. The 24 agreements which are considered confidential under Section 65(2) of The Labour Relations Act represent a total of 2,014 employees.

The month showing the greatest number of expirations is April with 98. December shows the second largest number of expirations with 85.

The greatest number of expirations fall into the service industry at 133, with manufacturing next at 81 and construction third with 44 expirations.

Two hundred and sixty-seven of those agreements expiring in 1986 affect 100 persons or less. This represents 84 percent of the total expirations known at this time.
